## Create Your Own Stunning Kaleidoscope Quilt!

Did you know you could find our very own educator Karen Pharr within the pages of Ricky Tims' Kool Kaleidoscope Quilts Book?

Create your own kaleidoscope from simple sets of strips; it's foolproof with little need for pre-planning!

### Kaleidoscope Tips from Karen

**Don't use fat quarters.** Karen used mostly fat quarters from her stash and said it made everything more difficult although in the end the fabric use was worth it.

**Don't waste the scraps.** Karen used her scraps sewing them back together to create the interesting border in her quilt.

## Meet JUKI Educator, Ginny Storm!

On her 8th birthday Ginny received her 1st sewing machine and sewing kit. Talk about a happy little girl! She set out sewing stuffed animals, Barbie and doll clothes, and even clothes for herself.

Like many people with a passion to sew and quilt, life gets busy and sewing takes a temporary back seat to the rest of your life. Upon becoming an empty nester Ginny found the time she had been missing and decided to look for a new sewing machine...OH-MY-GOODNESS...

Ginny now loves quilting! She creates quilts in a traditional style with a combination of machine embroidery. Her favorite machine to sew on is the Juki J-150QVP.

Give Ginny a warm welcome in the JUKI booth at shows and dealer events around the country.

## OSQE Class: Wrap it up With Your Serger
